→ Read the History of Classical Hemophilia and Wilson disease with corresponding Royals, Victoria and others. Elizabeth told audience in West Africa that she would make me as object of caricature. And their family said that they would use me to climb up as a ladder to get to the top and upon reaching the top, unto me as ladder, turn their back for scavengers to take over. They accomplished all that. I was only a litt struggling little child without my parents. In Alaska, they surrendered as multitude but instead of containing them, they shot all including children to death and called Japanese. In Africa, they sent them to Sahara and Kalahari deserts and very sharp and pointed long slender methods to penetrate them as they very easily transport Moroccean, Arabian etc horses. Others had their mouths tapped and they cut their heads open and fork and knife their brains. Again, and again, such behavior must extinct. Forget the cooked dates, the African aspect happened under Usman Dan Fodio (Black) and others in early 60th. They had Whites for Alaska and other American and European continents. I physically witnessed first arrivals to the world and they all saw me and took personal belongings that they saw me place down. Young ladies that include Singer Cher were first arrival to America. Cher is still alive and can be forced to tell the truth.

* I am requesting that trial be no more than 10 days in Fairbanks or Anchorage, Alaska but I do prefer written correspondence/responses. I work as a substitute teacher to support myself since I do not have access to my estate/funds. I have very well submitted all that is needed in writing. Judges only absolutely no jury trials. 100% Naturals must be preserved(outside the involved criminals that massacred others out of greed). This level of crime must not pay.
